HATHAWAYS CELEBRATE 25 YEARS AS OWNERS OF TELEPHONE COMPANY

Friends and relatives gathered Saturday evening at the Legion Hall in Locke Mills to help Barbra and Eldon Hathaway mark their 25 years of ownership and service at the Bryant Pond Telephone Company. A social hour followed by a buffet dinner catered by the Birthday Club, O. E. S. was enjoyed by 100 invited guests.

Tables were graced with fall flowers, candles and favors in the shape of a candlestick phone made from IBM cards. A beautiful centerpiece, given by the Company employees was a feature of the head table.

After the dinner, Susan Hathaway, who gave the reception for her parents, introduced her family and the telephone company. Also recognized were past employees and personnel from New England and Continental Telephone Companies.

Throughout the evening Mike Hathaway's group, Sugar 'N Spice, Conway, N. H., played for dancing and a reception for all the Bryant Pond telephone subscribers. Refreshments, including an original four-tiered cake, created by Mrs. Leona Flint of Bethel, were enjoyed.

Among the relatives attending were Michael, Penny, Brian and Brenda Hathaway, Conway, N. H.; Brian and Linda Stowell, Bryant Pond; Mrs. Cora Bennett, Mr. and Mrs. Donald Bennett, Locke Mills. Guests were present from many New England States and towns throughout Maine.

The Hathaways purchased the telephone company in the fall of 1951. Its uniqueness lies in its being one of the few remaining magnates in service and is operated from the Hathaways' living room.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen at their meeting Monday, Sept. 13, acted on a variety of items.

A public hearing was held on a liquor license application for the Bethel Spa. No one was present to speak for or against the application and the license was approved.

Burton Newton met with the Board to discuss the termination of his lease on a hangar at Col. Dyke Field. The Board indicated that the situation would be reviewed by the Airport Advisory Committee and thus it was agreed that no action would be taken at this time.

Appointments of Edwin Brown, Dexter Landers and John Head as members of the Airport Advisory Committee was signed as was the appointment of Merton Brown as Election Warden. A weapons permit was approved and signed for Roy Barker.

The Board reviewed police car bids submitted by Carlick Motors of Norway and Joy Sales and Service of Mexico. Carlick Motors low bid of \$4,594 without trade-in was accepted. It was voted that the Town would sell the present cruiser after receiving the new vehicle. The option of equipping the vehicle with a 305 cu. in. or a 350 cu. in. engine was discussed with the police chief. Although the police chief favored the larger engine, the Board voted to purchase the smaller engine as it was felt

BETHEL AREA GIRL SCOUT LEADERS TO MEET

All potential Girl Scout and Brownie Scout leaders from the Bethel area are asked to meet at a coffee on Tuesday, Sept. 21, at 9:30 a. m. at the home of Ruth Feeney on Paradise Road.

Materials needed for this year will be available. Second and third grade girls are eligible to become Brownie Scouts. Brownie helpers are needed. Anyone interested in helping any way is invited and urged to attend.

Girls in fourth, fifth and sixth grade are eligible to be Junior Girl Scouts. Last year there were 32 active Junior Scouts with only two leaders. This is an impossible situation as the program becomes so limited with lack of adequate supervision that interest is lost by all.

Unless a leader with at least three helpers can be found, there will be no Junior Girl Scouts this year. There are many Girl Scout leaders throughout the country who do not have children active in scouting. It is unfortunate that the scouting opportunity may be lost to our girls because of lack of leadership.

The regulations and guidelines will become effective 14 days after publication (as described in the law).

S. A. D. #44 DIRECTORS HEAR OF ACTIVITY BUS SCHEDULE PROBLEMS MONDAY EVENING

The M. S. A. D. #44 board of directors met in the Library at Telstar Regional High School on Monday evening of this week.

Several parents from Andover were present and expressed concern over the scheduled time of departure of the late afternoon activity bus from Telstar. It was learned that on at least one occasion the bus left at 5:15 (the scheduled departure time) just as the activity was being completed and the participants were left with no transportation home. It has been learned that by administrative fiat the time has now been changed so that departure could be delayed until 6 o'clock to accommodate participants in late-ending events. Even with this change participants in away events scheduled in the afternoon after school will have to provide their own transportation home since no transportation will be provided at district expense until after 10:30 p. m. The 10:30 time was planned primarily for participants in away games during the basketball season.

It was reported by the Negotiations Committee that Bruce Leets of Maine School Management Assn. would serve as the negotiator for the board during negotiations with various groups of district employees.

The board authorized a student training program in emergency advanced first aid.

The following nominations for extra-curricular activities by Supt. Kenneth Smith were approved by the board: Student Council, Felix Otero-Otero; Yearbook, production and photography advisor, David Tripp; Student newspaper, literary advisor, Suzanne Taylor, production advisor, David Tripp; Boys' varsity basketball, Gerald Durgin; Cheerleading (winter), Ellen Durgin; Boys' track (varsity), John Applin; Boys' track (assistant), Robert Remington; Girls' softball, Nancy Fox; Girls' track, Ellen Durgin; Boys' baseball (varsity), Peter Brown; Boys' baseball (J. ified Cathy Newell, committee secretary, that additional ballot clerks are to be appointed to work on Election Day. Any enrolled Democrat who would be willing to help is asked to attend the Sunday meeting.

Rep. Saunders will be travelling throughout the district in the next seven weeks in order to listen to the concerns of her constituents, and renew acquaintances with old friends. In addition, she has been contacted by Martin Rogoff, Carter coordinator for Maine, and will be assisting in the Jimmy Carter for President campaign in the area. She will be in Augusta on Sept. 19 for a meeting of Carter volunteers, as will Mr. McGuire who is serving as Carter liaison for Oxford County.

Greenwood City — Andover

Now comes the blue-gold molting of September. The evening whisper of the crispness of autumn. The crickets' and the katydids' concert rise. According to folklore tradition the first real frost comes six weeks after their singing. I am skeptical of his prophesying ability.

Over our ponds the mists gather but the sun plays over them, calling forth miniature jewel-gleams for a time then hesitatingly dissolve the mists to nothingness.

It's a good time for walking. I took the spring road, now getting well grown in, by alders and small maples, a reminder that I must get out the clippers if I plan to travel this way much longer. In places the road is transformed into a Queen's garden of the blossoming of fall asters and golden-rod.

I turned aside to explore a path which led through balsam firs with ferns thick about their feet. A little distance on, the first were assembled in groups or joined other greens growing deeper and darker. They filled the long hollow between the hills, like a dark river. In places they are broken by clearings making a lovely variety over the landscape. Many of the Maine forests jut out into meadow-lands, in capes and promontories, and stand in little islands, clustered around outcroppings, ledges, or boulders, too big to be removed. Everywhere one is confronted with the natural and indented shore of these woods, close and feathery. There they grow, white pine, spruce, hemlock, and fir. The fragrance is distilled from them by our crystal air.

William Cullen Bryant long ago wrote, "Stranger, if thou hast learned a truth which needs no school of long experience, that the world is full of guilt and misery, and hast seen growth of all its sorrows, crimes and cares to fire thee of it, enter this wild wood and view the haunts of nature. The calm shade shall bring a kindred calm, and the sweet breeze that makes the green leaves dance shall waft a balm to thy sick heart."

Before I entered a mowed field beyond, I found a field of golden-rod dotted with juniper bushes. The bees that in early morning were arthritic with the cold were now blundering about as they flew about in this butter tub.

Arriving back home, the dusky shadows of the afternoon had lengthened across the pond, shadows of green-clad mountains touching the far shore so that part of the placid waters lay in dark, while over the other the sun still played, transmuting it into tremulous gold.

It has been a quiet week with children back in school and the camps closed for winter. Fay and Jeri Holt were in Boston again last week.

The Ladies Aid Society voted to have an accounting of the work which has been accomplished in the past three years and the treasurer read a report at the last meeting of the money spent. Between \$5,000 and \$6,000 was spent

on repairs, improvement, and yearly upkeep to the Parsonage and over \$2,000 was given to the Church and Sunday School as needed. This amount has been earned by the ladies of the Society not to mention just about every family in Andover as well as many good friends and members in East Andover, who have baked or given money and time. \$8,000 earned by women in a small town is a respectable figure even in this day of inflation and it is time that credit was given to all who have helped. After four ministers and their families living in the Parsonage and with a new full time minister and his family coming it is time to have the inside of the Parsonage done over. It is hoped so paper and paint five rooms and to get some carpeting for some of the downstairs floors, so we are again calling on each and everyone to help with a money donation or by cook, cook and more cooking. Let us see what we can accomplish in the short time before Rev. Wuori comes to live in our community. Thank you all for your past help, you're a great bunch.

If the "Bottle Bill" passes,
it will only make things worse!

FACT 3:

Believe it or not, the so-called "Bottle Bill" could prevent you from being able to take your returnables back to the store where you bought them. This could happen when a separate state government authorized redemption center is set up to handle returnables and refunds for customers of several stores. And this procedure would be perfectly legal even though the state authorized center was some distance from where you normally shop.

If the "Bottle Bill" passes, it will only make things worse. The facts prove that!

The people who favor the "Bottle Bill" are asking the right questions, but the "Bottle Bill" is the wrong answer.

We ask you to help us put the right answers to work in Maine.

We need your vote. We need your financial support. Even if it can only be a dollar, send it today.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

continued from Page One

this engine would provide great-
er economy. The Board also felt
the town did not need a pursuit
vehicle as the town is tied in with
the county communications sys-
tem.

In other actions, the Board pre-
sented the week of Sept. 26-Oct.
1, as Clean Water Week, discussed
up coming Oxford County Muni-
cipal Officer Association meetings
and the Maine Municipal Asso-
ciation Convention and completed
MMA ballots for the Executive
Committee, Vice President, Advi-
sory Committee and Legislative
Policy Committee.

The Manager discussed possible
public works projects that the Na-
tional Guard might assist the
town in undertaking. Possible pro-
jects included: Engineering work
for the Chapman Brook Bridge,
wooden bridge on the Bird Hill
Road (off Gord Road), wooden
bridge on Chase Road (off Chan-
dler Hill Road), Smith Road im-
provements, wooden bridge on the
Water District Rd., wooden bridge
on the Grover Hill Road and grad-
ing at the Town Dump. The man-
ager was directed to submit these
projects for possible assistance
next year.

The Board reviewed and ap-
proved initial guidelines of the
Airport Advisory Committee. The
first meeting of this committee
will be Monday night, Sept. 20, at
7:30 in the Town Office.

Board members were presented
with copies of a draft question-
naire the Planning Board proposes to
use in collecting data to up-
date the Town's Comprehensive
Plan. Board members were re-
quested to review the question-
naire and make suggestions for
additions, deletions, or other changes.

The manager reported that there
had been no action by the Court
in the suit of Harold Clukey ag-
ainst the town regarding his air-
plane being destroyed in a fire at
the airport in March 1975. The
manager presented the Board with
copies of the information the
town's attorney would need to re-
present the town in the case.

Following an executive session
regarding an employee matter, the
meeting adjourned at 9:30 p. m.

In upcoming meetings, the
Board of Selectmen will meet
Monday night, Sept. 27, and the
Planning Board will meet Wed-
nesday night, Sept. 22.

FROM THE Principal's Office

On Monday, Sept. 13, 1976, a Detention System was begun. When a student misses any part of a scheduled class or study period deliberately and willfully, without a bonafide excuse, or if a student is reported as discourteous, disrespectful, and in any way creates an unnecessary disturbance disrupting any part of the school program, then he or she shall be penalized by being retained after school for a minimum of no less than one fifty (50) minute detention period for each infraction or offense.

The Detention Hall will be located in the classroom opposite the Main Office, or other assigned area, and will be scheduled from 2:10 until 3:00 p. m. on a regular basis for each day that school is in session. The Principal reserves the right to modify this arrangement when necessary.

The Detention Hall will be covered by the entire Professional Staff with assignments alphabetically determined on a rotating basis. Teachers who are assigned to a specific date/day, are responsible for coverage and must find substitute if a personal conflict arises.

The students who will be assigned to Detention must be given a 24 hour advance notice, to enable them to make adjustments for transportation; however, students may choose to stay on the day the detention is officially determined. Students must leave the building/grounds after the detention time has been served.

A list will be provided for the Detention Hall Supervisor and the same Guidelines that are used for Study Hall Supervision will apply in the Detention Hall.

This column will contain from time to time memoranda emanating from the Office of the Principal concerning the operation of Telstar Regional High School that concern the Faculty, Student, their parents, and the citizens of S. A. D. #44 as a whole.

BULLDOGS BETTER REBELS IN FOOTBALL OPENER

—MADISON 14, TELSTAR 6
Madison High built up a 14-point lead in the second half and held off host Telstar Regional High School in a 14-6 win in their mutual Mountain Valley Conference opener last Saturday afternoon.

After a scoreless first half the Bulldogs got on the scoreboard midway through the third period after taking over a Telstar punt on their own 41. The Bulldogs ran off a couple of first downs and on the seventh play of the game Sawyer teamed up with Dave Clark on a 35-yard scoring pass. Sawyer threw to Jeff Smith for the two-point conversion.

Madison struck again after forcing a Telstar punt and taking over on its own 46. Faced with a third and 25 the Bulldogs took to the air and Sawyer hit Clark with a 25 yarder good for a first down to keep the attack in motion. Three plays later Glyn Withee pulled over from the one yard line for the conversion points was pilled up.

Telstar moved for its lone tally after the ensuing kickoff. The drive covered 60-yards with B. G. Flynn covering the final 12. The big play in the drive was a 25-yard pass from Flynn to Dave Webster. A pass for the extra points was batted down.

I have a cat that is a very good hunter so I hope she will keep out of the area. We may not lose so many potatoes to the chipmunks and mice this winter if she evades the traffic.

The weather is very warm and the crops not damaged by early frost are doing very well. There is a difference in the wind and a difference in the atmosphere. There is a feeling that now there is time to look at the clouds and the sky, and listen to the birds.

The wind is chatting, friendly-like, with the trees, before it is time for the leaves to go, but the cedars and pines and all of us that are staying are welcome to be part of the end of summer conversation.

Mrs. Mae went to Lewiston Sunday.

Results of these conversations will determine whether a special board meeting will be called to consider the changes that could possibly put all sixth graders in the district in one location.

HOW CAN YOU SAVE MONEY ON YOUR PRESCRIPTIONS?

Here are some down-to-earth helpful tips:
★ Refrain from asking the doctor to "give me something" for an illness. Many illnesses can be treated effectively without the use of drugs.

★ Your physician usually prescribes the drug quantity that he or she feels is necessary for your particular illness. However, if you have a chronic illness that requires a prescription drug for a long period, in some instances, there may be a larger quantity savings. If this can be done safely, your physician will usually oblige. (Remember, practically all states have regulations which prohibit your pharmacist from exchanging medicine in the event your physician should discontinue or change your prescription.)

★ Never hesitate to ask your pharmacist about the price before a prescription is filled. He or she will be glad to give you this information.

★ Choose a pharmacy as carefully as you choose a doctor.
